1979

MEMORANDUM FOR: Chief, Plans & Programs Staff, OL

25X1A

FROM:

Chief, [REDACTED]

OC

25X1A

SUBJECT: KY-70 Equipment Pre-Installation Security Survey

25X1A

1. On 23 October 1979, [REDACTED] conducted the subject survey at the [REDACTED]

The following information and recommendations are a result of the survey:

25X1A

25X1A

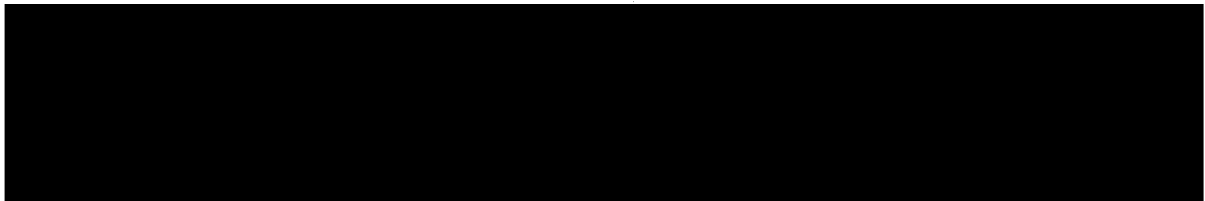

a. The KY-70 is to be installed on the second floor of the Administration Building within the only office (unnumbered) which is normally unoccupied.

b. The door at the entrance to the office must be replaced with a solid core wood door equipped with a S&G Group I combination lock.

c. Two unlisted, sequentially numbered telephone lines are to be ordered and terminated in the room on the wall near the electrical outlet being used for the copying machine. The copy machine is to be relocated to another area.

d. Ten feet separation must be maintained between the KY-70 and the "black" telephone presently located in the room.
